Art Unit: 1774

The preliminary amendment filed July 27, 2004, which amends the title, the specification, and claims 3, 7 and 10, has been entered.

Claims 1-14 are pending.

Claims 1-14 are generic to a plurality of disclosed patentably distinct species comprising the various possible different combinations of (a-1) through (a-20), (b-1) and (b-2) that provide a polymer having a repeating unit of formula (I). Applicant is required under 35 U.S.C. 121 to elect a single disclosed species, even though this requirement is traversed. That is, applicant is required to elect one of (a-1) through (a-20) for **A**, one of (b-1) or (b-2) for **B**, and one of (b-1) or (b-2) for **B'**. The elected species will be used as the starting point for search and examination purposes.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

A telephone call was made to Jeffrey Costellia on June 30, 2005 to request an oral election to the above election of species requirement, but did not result in an election being made. Mr. Costellia requested a written requirement.

Art Unit: 1774

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication should be directed to Marie R. Yamnitzky at telephone number (571) 272-1531. The examiner works a flexible schedule but can generally be reached at this number from 6:30 a.m. to 4:00 p.m. Monday, Tuesday, Thursday and Friday, and every other Wednesday from 6:30 a.m. to 3:00 p.m.
